Introduction

The 2018 Joint Chairmen's Report charged the Maryland Higher Education Commission to provide data on financial aid, as follows:

In order to more fully understand all types of aid available to students, the committees request that data be submitted for each community college, public four-year institution, and independent institution on institutional aid, Pell grants, and student loans. Data should include, by expected family contribution (EFC), the number of loans and average loan size of federal subsidized and unsubsidized loans, and loans from private sources as reported to the Maryland Higher Education Commission (MHEC). Additionally, data should be provided on Pell grants, including the number and average award size by EFC. Finally, data should include the number of institutional aid awards and average award size by EFC for institutional grants, institutional athletic scholarships, and other institutional scholarships. The data in the response should differentiate between need-based aid and merit scholarships. Data should also include the number of institutional aid awards and average award size by EFC for tuition waivers/remissions of fees to employees and dependents and students. Waiver information for students should be reported by each type of waiver in State law. This report should cover fiscal 2018 data received by MHEC from State institutions and is to be submitted in an electronic format (Excel file).

The Joint Chairmen's Report charged MHEC with providing FY2018 data by June 30, 2019. The present report is submitted in fulfillment of this request.

Aid Program	Source of Aid	Type of Aid
